## **Feature Summary: Call Log Notes**

© 2020 Konica Minolta Healthcare Americas, Inc.

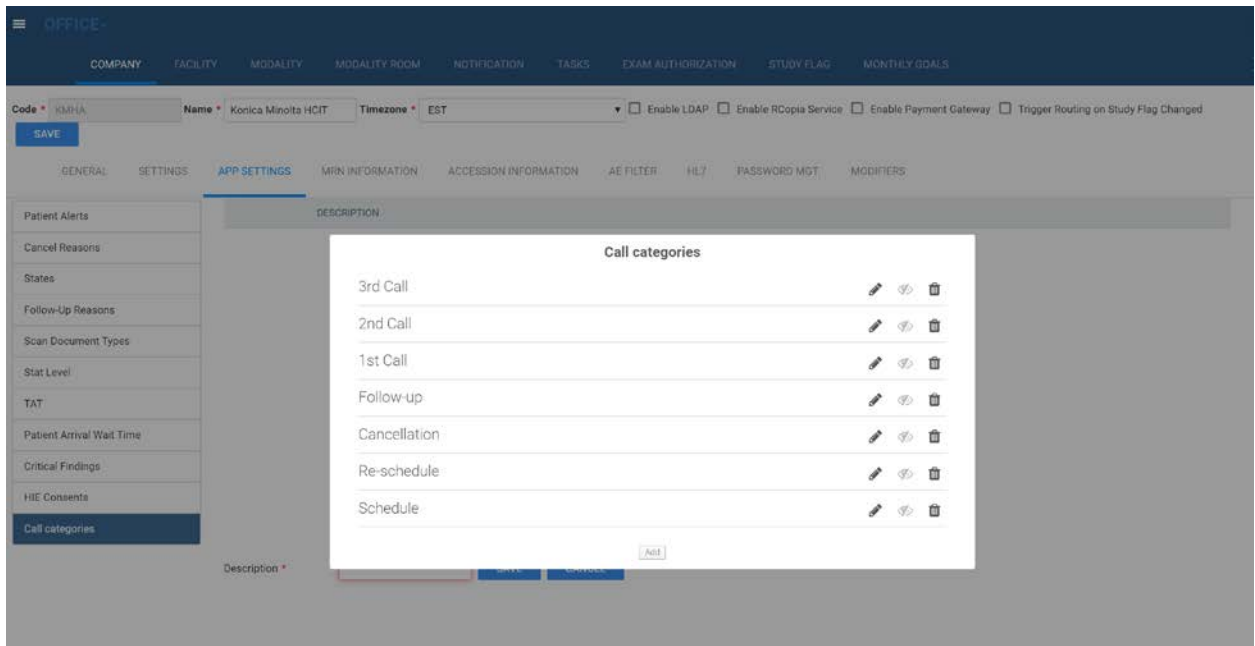

Internal Use Only

Customers can use call logs to log, track, and manage communication with patients and exam activity.

- You can find call logs in the Notes section of the patient chart.

- Configure call categories in **Setup > Office > App Settings**.

- You can now add Last Call Category, Last Call Note, and Last Call Made columns to the worklist in User Settings. You can filter and sort the worklist with these columns.

1ST LAST CALL MADE	LAST CALL CATEGORY	LAST CALL NOTE
04/17/2020 10:38 AM EDT	Follow-up	Call to confirm patient is bringing order
04/17/2020 10:39 AM EDT	Cancellation	Call patient to follow up on cancellation

- Users can create study filters using Last call category and Last call note criteria.
