Delete individual images and series

You can delete any images or series from any unapproved study.

1. In user settings, clear the **Show Priors** checkbox.

2. On the worklist, find the study containing images you want to delete, and then select the plus button.
3. Select the plus button again, and then select the picture buttons to determine which images and series you want to delete.

4. To delete the image or series, click the delete (trash can) button.
