Getting started with Mobile Rad

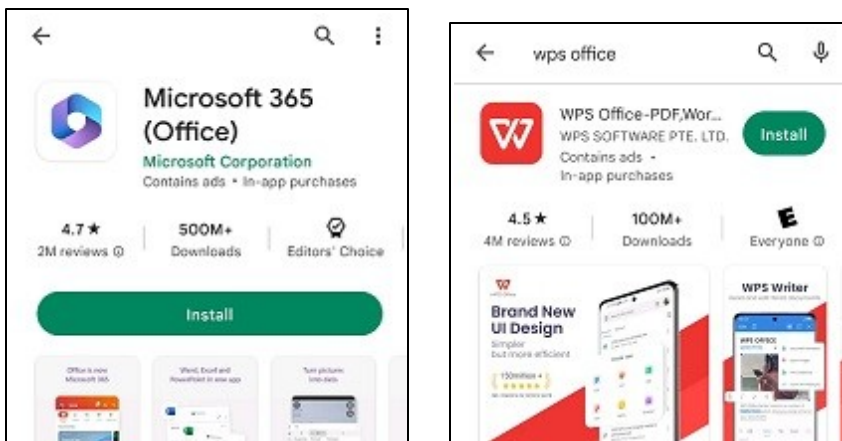

Set up Mobile Rad

Mobile Rad is an app for Android OS devices that mobile technologists can use to manage their orders and dispatches.

Install a PDF viewer and Google Maps

A PDF viewer is required to view approved reports and other documents.

1. In **Google Play**, search for one of the following apps and install it.

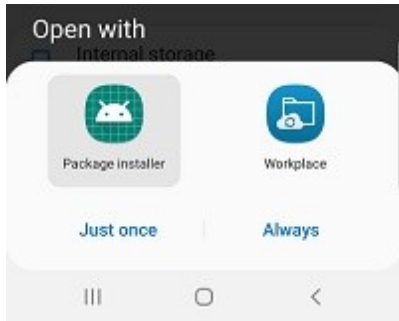

2. Also in **Google Play**, search for and install **Google Maps**.

Install Mobile Rad

1. Using **Windows File Explorer**, copy the Mobile Rad apk to the root directory on your mobile device.
2. In your device's file explorer app (such as Samsung > My Files), select the **Mobile Rad** app.

3. Select an installer app (such as Package Installer).

4. When prompted "Do you want to install?", select **Install**.
5. If the Unsafe app blocked screen appears, select **More**, and then select **Install Anyway**.

6. In the App installed screen, select **Done**.

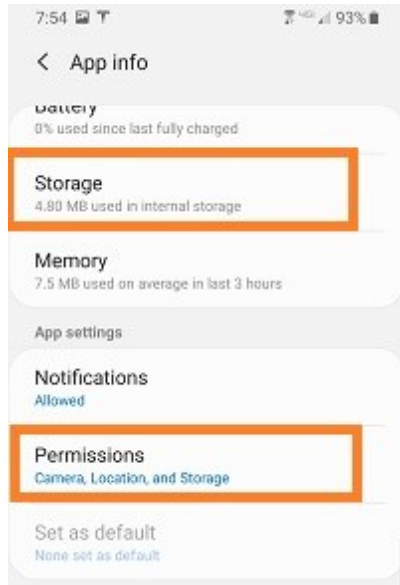

Configure permissions

Configure permissions to allow Mobile Rad to use features of your mobile device (including the camera, phone, location, and storage).

1. Press and hold the Mobile RAD icon, and select **App info**.

2. In the **App info** screen, open **Storage** and confirm that **MobileRAD** appears.

3. Again in the **App info** screen, select permissions.
4. In the **App permissions** screen, turn on all permissions.

Note: If your device has a separate setting to allow **third-party apps**, turn that feature ON.

Use Mobile Rad

After signing in to Mobile Rad you can use its features to track your orders and exam progress.

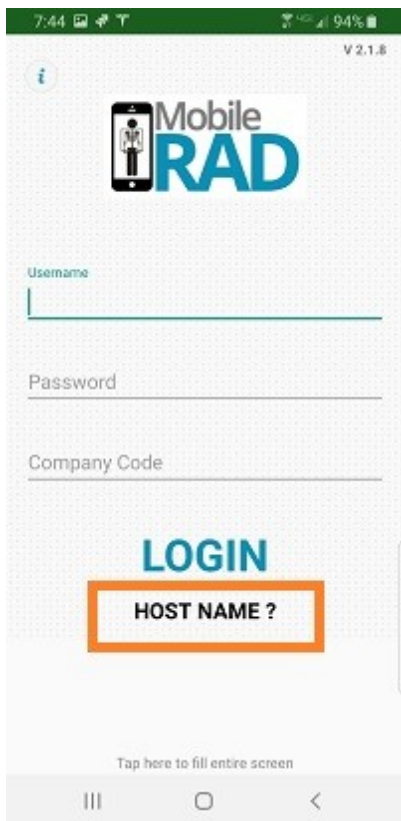

Sign in to Mobile Rad

To sign in to Mobile Rad:

1. Select the icon on the home screen.

2. On the home screen, select **HOST NAME?**.

3. In the pop-up window, type the Exa platform server URL or hostname with **/api/** appended to the end (final slash is required), and then select **YES**.

4. Back on the home screen, type your username, password, and company code, and then select **LOGIN**.

Perform an exam

Mobile Rad opens to the NEW ORDERS tab, which lists orders dispatched to you.

1. On the **NEW ORDERS** tab, select an order.

Result: The order opens in a detail screen.

- At the bottom of the screen, select **Change Status**, and select **Accept** (or equivalent status).

Result: The order moves to the SCHEDULED tab.

- Travel to patient's location and perform the exam. Continue changing statuses (such as **Tech Start, Tech Pause, Tech End**) until the order is complete.
- Optional: Use the following tools.

 Add a new study.

Edit study details, add notes, and correct errors.

Take photos and upload to the study (e.g. EKG's or order forms).

Call the ordering facility or place of service.

Show the patient's address on Google Maps.

5. On the **NEW ORDER** tab, select the next order.
