

HEALTHCARE IT

Exa® PACS RIS

Feature Summary

Exa PACS/RIS on Mobile Devices

©2024 Konica Minolta Healthcare Americas, Inc.

When you sign into Exa PACS/RIS on a tablet or other mobile device, it opens its mobile-optimized site. This site offers touch screen functionality with a simplified interface and intuitive navigation for smaller screens. You can easily access features and tools with touch screen gestures and simple controls.

Worklist

You can search for a patient by name on the All Studies tab or select a worklist filter from the dropdown menu.
