Get started with Patient Portal

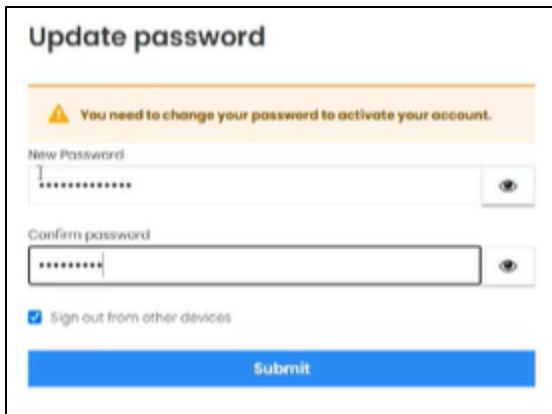

Set up your account and profile

Patient Portal is a website that you can use to request appointments, view information about your current and past exams, update insurance, and more. Your Patient Portal account is safe and secure; only you and your representatives can use it to view your patient records.

Create an account and sign-in

To use Patient Portal, start by selecting the link emailed to you by your healthcare facility (sometimes it may be necessary to copy the link and paste it into the URL box of your web browser). Next:

1. On the Patient Portal page, select Click here to proceed.
2. Type a password in the New Password box, re-type it in the Confirm Password box and select Submit.

A screenshot of a web form titled "Update password". At the top, there is an orange banner with a warning icon and the text "You need to change your password to activate your account." Below this, there are two password input fields. The first is labeled "New Password" and the second is labeled "Confirm password". Both fields have a small eye icon to the right for toggling visibility. Below the second field, there is a checkbox labeled "Sign out from other devices" which is checked. At the bottom of the form is a large blue button labeled "Submit".

3. On the Log In screen type your email address (this is your user name when you sign-in) and password.
 - Optional: Select Remember me to auto-fill your user name next time you sign in.

A screenshot of a web form titled "Log In". It has two main input fields: "Email" and "Password". The "Email" field contains the text "exa.testy.testerson+demo200@gmail.com". The "Password" field has a small eye icon to the right. Below the "Password" field, there is a checkbox labeled "Remember me" and a link labeled "Forgot Password?". At the bottom of the form is a large blue button labeled "Login".

4. Select Login.
5. If the HIPAA privacy notice prompt appears, select Yes if you accept the notice.

I forgot my password

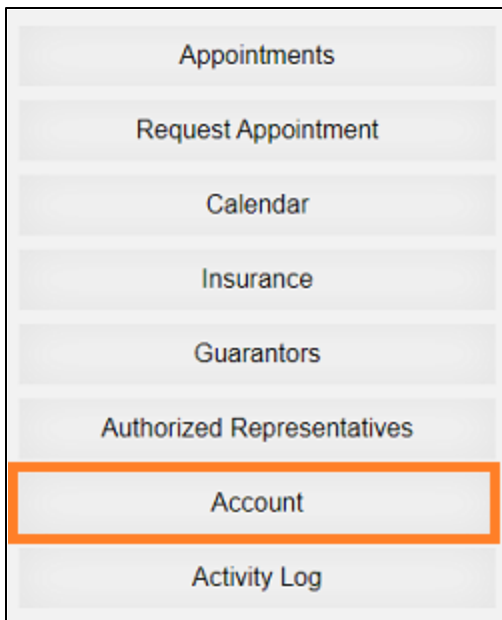

If you forget your password, you can reset it from the sign-in page.

1. On the sign-in page, on the right pane, select Forgot Password?
2. An email is sent with a link to reset your password.

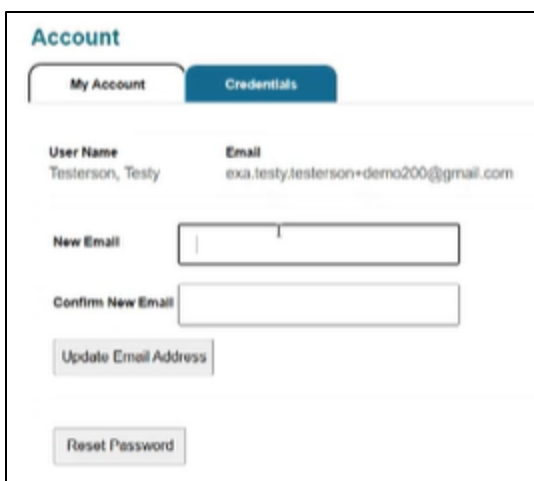

Reset my password

For security and protection of your personal health information, periodically reset your password.

1. On the left pane, select Account.

2. On the Account dialog, select Credentials, and then select Reset Password.

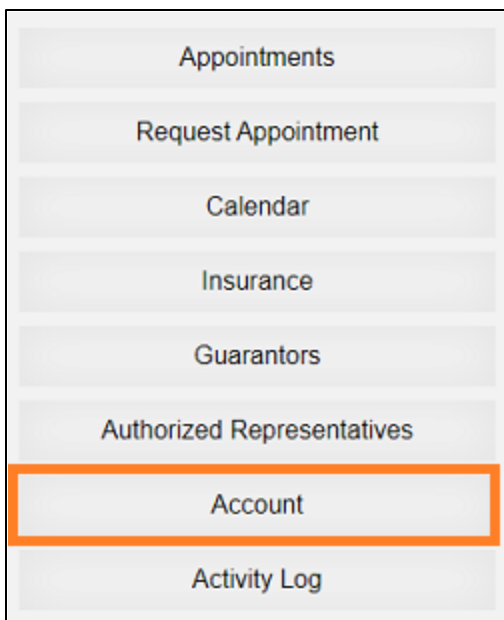

The 'Account' dialog box has two tabs: 'My Account' and 'Credentials'. The 'Credentials' tab is active. It displays the user's 'User Name' as 'Testerson, Testy' and 'Email' as 'exa.testy.testerson+demo200@gmail.com'. Below this are input fields for 'New Email' and 'Confirm New Email', followed by an 'Update Email Address' button. At the bottom of the dialog is a 'Reset Password' button.

3. When the confirmation prompt appears, select OK.
4. An email is sent with a link to reset your password.

Update my profile

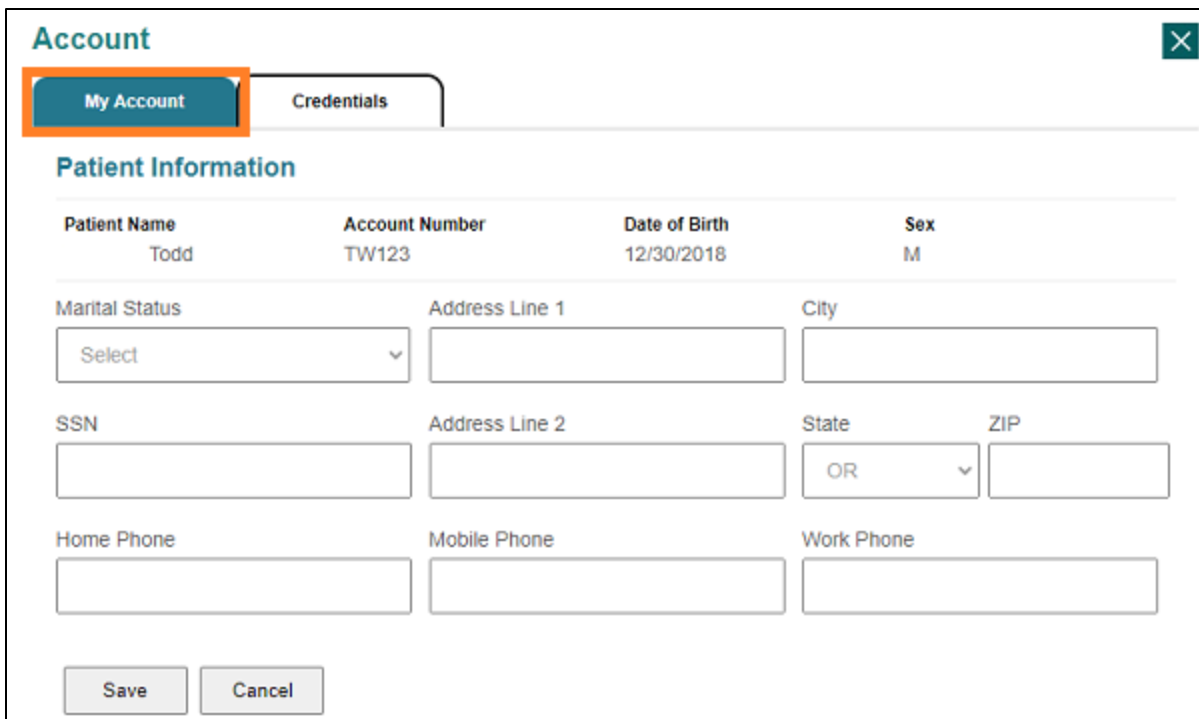

If your personal information changes, you can edit it.

1. On the left pane, select Account.
