

ALL YOUR IMAGING DATA, ONE INTELLIGENT VIEW.

CLINICAL PERFORMANCE

REJECT RATE TRACKING
Identify patterns, reduce repeats, boost quality

DOSE MONITORING
Track dose values, ensure safety

TECHNOLOGIST METRICS
Compare performance, optimize workflow

EXAM VOLUME TRENDS
Identify demand, plan smarter

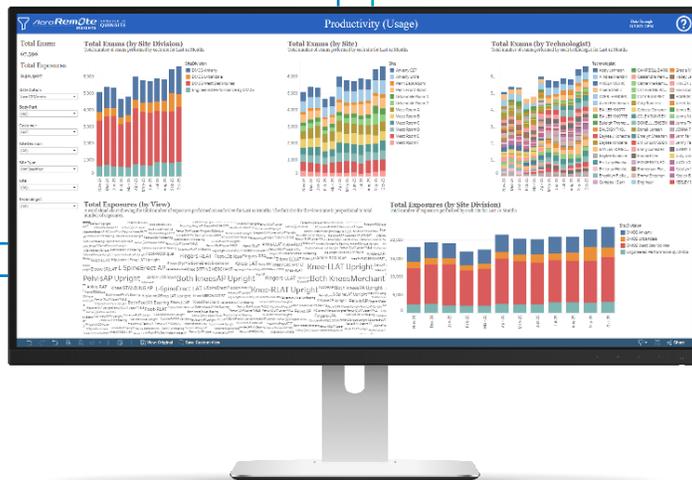

SYSTEM HEALTH

DETECTOR IMPACT LOGS
Monitor handling, prevent damage

CALIBRATION ALERTS
Stay ahead, avoid downtime

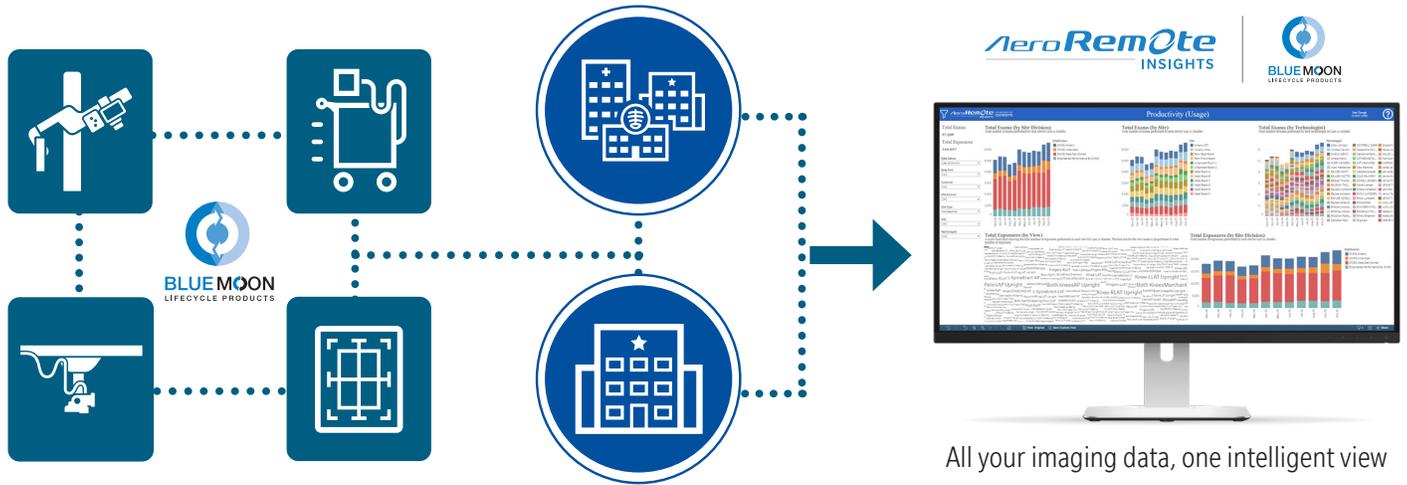

WORKSTATION STATUS
Track versions, ensure stability

BENCHMARKING TOOLS
Compare performance, drive improvement

Your data holds the answers — AeroRemote® Insights helps uncover performance gaps, support staff training, and prevent downtime with one intelligent dashboard.

SERVICE SOLUTIONS: INTELLIGENT INSIGHTS. COMPREHENSIVE COVERAGE.

All your imaging data, one intelligent view

OPERATIONAL CLARITY STARTS WITH DATA

Imaging departments today face rising exam volumes, tighter staffing, and growing pressure to maintain quality. AeroRemote Insights brings clarity to this complexity — transforming raw usage data into actionable visibility across workflow, staff performance, and system health.

Delivered as a secure, cloud-based platform, AeroRemote Insights centralizes performance metrics into one intuitive dashboard. From exam volumes and reject rates to dose consistency and detector handling, it supports informed decisions, streamlines operations, and helps maintain imaging quality across every site and system.

BUILT FOR IMAGING TEAMS — ACROSS ALL ROLES

AeroRemote Insights delivers value across every role in the imaging team.

Role	Key Benefit
Managers	Workflow visibility and performance tracking
Biomed Engineers	Monitor system health and anticipate service
Administrators	Optimize throughput and resource planning
Lead Technologists	Identify rejects and support training

One platform to improve efficiency, consistency, and confidence across your imaging ecosystem.

LIFECYCLE SUPPORT THAT COMPLEMENTS INSIGHT

AeroRemote Insights pairs seamlessly with **Blue Moon Lifecycle Products**, which turn insight into action. While AeroRemote monitors performance in real time, Blue Moon plans deliver proactive service, expert support, and long-term system protection. Together, they form a connected service ecosystem — one that helps imaging teams operate with confidence, optimize resources, and maintain consistent performance across every Konica Minolta solution.

KEY BENEFITS & OPERATIONAL IMPACT

- Centralized performance data across systems and sites
- Real-time visibility into workflow, dose, and system health
- Operational efficiency through measurable metrics
- Proactive service with lifecycle support that reduces downtime

Discover how AeroRemote Insights and Blue Moon Lifecycle Products work together to support your imaging goals. Ask your Konica Minolta representative for a demo or more details.
