FOR IMMEDIATE RELEASE

**Konica Minolta Provides Point-of-Care Solutions
for Your Best Pathway to Health
Free Healthcare Event in Los Angeles**

Wayne, NJ, April 19, 2016 – Konica Minolta Medical Imaging, a leader in Primary Imaging Solutions, is pleased to announce its support and participation in the Your Best Pathway to Health event, a free healthcare event being held April 27-29 at the Los Angeles Convention Center. Your Best Pathway to Health, a non-profit service of the Adventist-Layman's Services & Industries (ASI), in partnership with the Adventist Health, Loma Linda University Health, Seventh-day Adventist Church and other entities, will hold a Mega Clinic to provide medical, surgical, vision and dental services to the public, all free of charge.

For the three-day health event, Konica Minolta will provide two SONIMAGE HS1 ultrasound systems and a Mobile DR System. In partnership with Radiographic Equipment Services, Inc., an authorized dealer for Shimadzu, a Shimadzu MobileArt Evolution EFX portable X-ray unit with a Konica Minolta AeroDR wireless digital flat panel detector will also be supplied.

“Without the support of companies such as Konica Minolta, Your Best Pathway to Health would be unable to provide the wide array of diagnostic and clinical services that we will offer at the event in Los Angeles,” says Melody Pierson, Assistant Department Head of Radiology for the organization. “When we approached Konica Minolta to provide point-of-care solutions that would enable us to efficiently and confidently diagnose and triage 10,000 people at the Mega Clinic, they didn't hesitate to help.”

“Across our country, there is a great need for the delivery of healthcare services to those living in poverty and without health insurance or the ability to pay for medical care,” says David Widmann, President and CEO, Konica Minolta Medical Imaging. “While Konica

Minolta is committed to providing high quality, reliable point-of-care solutions, our corporate values also include being passionate and accountable not just to our customers, but to society as a whole. We're delighted to assist Pathway to Health in its efforts to help those who are in need of healthcare services.”

According to Your Best Pathway for Health, 4,200 volunteers from across the US will help care for an estimated 10,000 people at the LA Convention Center. Four local Adventist hospitals will further support the Mega Clinic: Loma Linda University Medical Center, Glendale Adventist Medical Center, White Memorial Medical Center, and Simi Valley Hospital. Prior Pathway to Health events, held in Spokane, WA, San Antonio, TX, Oakland and San Francisco, CA, have together cared for 12,400 people who received nearly \$40 million in free health services.
